

ASPEX

Advanced Sexological Personal Exploration Xperience

*A 5 day intensive for sexologists
led by Dr. Patti Britton*

ASPEX is a 5 day intensive for sexologists led by Dr. Patti Britton. It's an experiential personal journey of sexual self-discovery to truly heal the healer.

ASPEX expands your boundaries and lets you dance with your sexual soul among enlightened peers in joyful expression of limitless possibilities. Based on the successful events in May 2015 and 2016 in Poland, and June 2017 in the Czech Republic this training is what we sometimes call "SAR FOR GROWN-UPS"! ASPEX will truly leave you feeling "FREE" in a way you have never felt before.

"This event was transcendent. I felt at home, in love, light, free and within my most magical space. ASPEX provided a safe space for me to reconnect with myself and others in a genuine and fulfilling way. The support from everyone involved was so nurturing and healing. I recommend this experience to anyone ready to dive deep into their emotions and spirit, Thank you!!"

How do we do that?

ASPEX follows Dr. Patti Britton's MEBES© model as its theme and uses the shamanic MEBES wheel as the center of all process work in the space:

MIND: What you need to know.

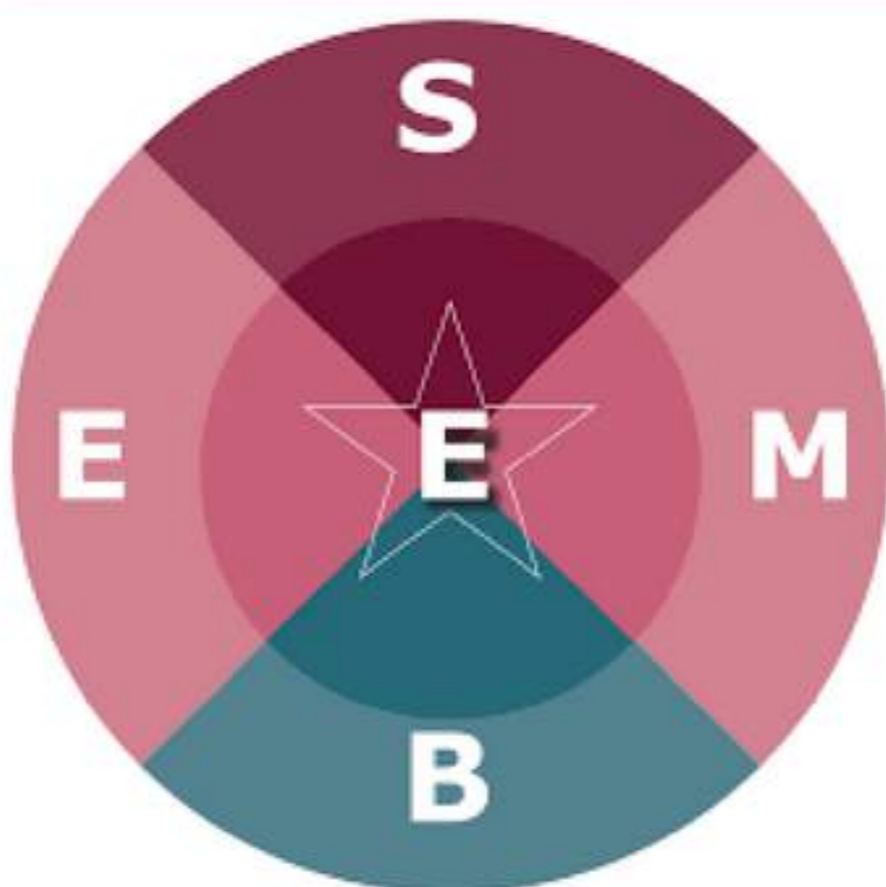

EMOTIONS: Explore your feelings

BODY/BODY IMAGE: Know your sexual patterns and awaken your body

ENERGY: Access energy

SPIRIT: Evoke spirituality

"ASPEX is a complete transformational experience. I was healed without knowing I was wounded."

Teddy Curle, New Zealand

Our focus at ASPEX is:

- de-bunking myths
- de-shaming
- unraveling personal blockages
- liberating body-based sexual energies
- building sexual intelligence
- finding balance in giving/receiving
- soaring into sacred space
- touching spiritual freedom
- exploring touch in safe space
- unleashing sensuality
- finding your sexual voice
- and joyful play.

This training is a journey in self-discovery toward sexual self-realization, through mini-lectures and demonstrations, self-awareness techniques, personal journal writing, dyads, small and whole group discussions, experiential exercises, playful art expression, movement and dance, sounding, shamanic drumming and journeying, sexologically-based bodywork and sacred ceremony.

"Before the workshop I was a bit skeptical - is it worth my time & money? Afterwards, I was sure I couldn't have spent them better! As expected, there was a bit of exploration of new experiences. Though, what turned out to be much more profound was dive into deeply entrenched insecurities, often stemming from childhood. Touching them was painful, but fruitful - allowed me, and my relationship, to grow."

Piotr, Data Scientist, Warsaw, Poland

What will you experience?

Using the MEBES mandala wheel system, you will discover sexual healing for yourself and how to apply this system with your clients or your own sexual experience.

Expert speakers will present their areas of specialization during three of the five days. Nudity will be part of the event. No sexual touching WITHOUT CONSENT will occur - touching only takes place with the permission of participants involved.

This is an advanced training. To keep the safety of the container for the group we have some ground rules:

No one will be permitted to attend without an approved application.

No one is permitted to participate who cannot attend all 5 days or the full training.

No late arrivals or early departures are allowed to protect the integrity and safety of the "container" for this group.

"ASPEX is an unbelievable experience that not only every sexologist, sex coach, and sexpert-- but every erotic creature in this planet and every thinker about sexuality should have it. It's a hypnotic journey to the real nature of human sexuality and to eroticism. I returned from ASPEX a completely different person, free from shadows and fears. After ASPEX I decided to take my job some steps further and to help my country and my culture to leave behind all these centuries of sexual shame that imprison people and keep them away from happiness.
